## CARGO ECO PLANT2

SPECIALISED PLANT TRAILER RANGE

# CARGO ECO PLANT 2

## CARGO ECO PLANT2

Great little mover

Access lift machines and mini diggers rely on low centre of gravity for safe trailer transportation. The CarGO Eco Plant2 trailer range combines low bed height and substantial commercial specification tyres to achieve just that.

In addition, loading angles are reduced further by the neat beaver tail feature on the 2.3m and 2.5m length models. This is key to enabling awkward equipment such as access machinery to drive straight on without needing a tilting bed, or extremely long ramps.

● **High capacity**  
A class leading light yet tough chassis can accommodate anything from Diggers to Dumpers, Shredders to Scissor-lifts.

● **Low Loading angle**  
 The CarGO Eco Plant2 features a low loading angle which enable easy loading and unloading of machinery.

○ **Bucket rest support**  
 for extra convenience and ease of use when transporting digger machinery.

● **Swivel jockey wheel**  
 Rotating clamp allows jockey wheel to be secured parallel to the drawbar when not in use.

● **LED lighting**  
 Super bright and extremely durable.

**MAIN SPECIFICATIONS AND EQUIPMENT**

LOAD BED LENGTH m A	2.30	2.50
<b>CAPACITY</b>		
Gross kg	2,600	2,600
Load kg	2,150	2,105
Unladen trailer weight kg	450	495
<b>DIMENSIONS</b>		
Internal bed width m B	1.10	1.5
Overall trailer width m C	1.58	1.98
Overall trailer length m D	4.27	4.47
Bed load height m	0.38	0.38
Towball height (loaded, centre of towball) m	0.40	0.40
<b>RUNNING GEAR</b>		
Axles	2	2
Wheel / Tyre size	13" (165 6pr)	13" (165 6pr)
